Description of LED Mask Facial-
Our LED Mask Facial is the ultimate multi-purpose treatment for almost every type of skin concern. From brightening, to reducing appearance of wrinkles and tightening skin. This mask features electromagnetic metals that will activate the muscles of the face, resulting in a tightening effect. This treatment ALSO uses LEDs that release energy in the form of photons and combines cutting edge technology, developed by NASA.

This treatment has the ability to reduce appearance of spots and pigmentation, prevents breakouts, minimizes appearance of scars, reduces appearance of lines and wrinkles, tightens skin AND this is a non-invasive and safe treatment.

Light Functions:

Purple: combines red and blue light, provides phototherapy, reduces acne and acne scars.

Blue: reduces scars and pigmentation & prevents breakouts.

Red: minimizes wrinkles, tightens skin and reduces pore size.

Yellow: improves flow of oxygen to skin cells, promotes lymphatic drainage and reduces redness of skin.

Green: reduces secretion of oils, balances oil levels in skin,

Cyanine: boosts metabolism of skin cells.

White: accelerates metabolism, reduces appearance of spots and tightens saggy skin.

Pick one color or try all of them with no downtime.
